Safe In-Person Plan –

Pikes Peak BOCES Special Education Administrative Unit

Pikes Peak BOCES's Special Education Administrative Unit (SPED AU) consists of 9 school districts in Colorado: Big Sandy #100J, Calhan #RJ1, Edison #54JT, Elbert #200, Ellicott #22, Fremont #RE2, Hanover #28, Miami-Yoder #60JT, and Peyton #23JT. Each district has some level of local control in regards to addressing the impact of COVID-19 on in-person learning, including plans for the safe return to in-person instruction and continuity of services, layered prevention strategies, and a system of phased prevention. Therefore, while a Pikes Peak BOCES staff is serving students within one of those districts, that staff member shall follow the requirements of that district regarding safe in-person learning plans. Pikes Peak BOCES will do it's best to provide the technological support needed to allow staff members to provide services within the remote and in-person instructional setting of the district(s) that they work in.

This plan was implemented at the onset of the COVID-19 pandemic in March 2020 and continues to the present day.

Safe In-Person Plan –

Pikes Peak BOCES School of Excellence and BOCES EAST

At this point, all previously issued health orders for schools have expired. Both schools will continue to work closely with state and local health officials to ensure best practices are being met. Pikes Peak BOCES does not require vaccinations or proof thereof. Both schools will continue to ensure proper hand washing and hand sanitizer will be used throughout the day. Disinfection of the facilities will continue daily as a best practice. As in years past, we are asking students, faculty, and staff who are sick to stay home, especially if the person is feverish, has a persistent cough, and/or has lost taste or smell. This plan was put in place April 2020.
